Thank you Mr. Abadie,
I have received them and they appear to be in good shape.
Thanks

Good Afternoon Mr. Toups & Team,

I hope you are all well.

Thank you for the patience.

As stated previously, the permit applications include updated information from the RFI where applicable. Any information that did not fit in the application(s) has been uploaded in the original RFI format for ease of viewing by the EPA team.

It should be noted that there will be redundancy with some of the RFI answers and what is in the application(s). (i.e. emission data)

Thank you very much and please let us know if you have any questions.

Kind Regards,

Tyler Abadie, P.E.

Hi Mr. Abadie,

Thank you for the application documents. I will send you by email a 'file request' link to upload your other files shortly. The email will be from "GoAnywhere Services noreply@epa.gov" > and will provide instructions on how to upload your files.

Thanks

Brad Toups

Good Morning Mr. Toups,

Thank you for taking my call yesterday.

As you recall, we withdrew our air permit applications and re-submitted these as a Title V and Synthetic Minor on April 11th, 2022.

Please see the **attached** applications and calculations.

Regarding **Confidential Business Information**, would you be willing/able to provide an upload link so that TGL could submit these sensitive documents? It would be our intent to upload these next week on Tuesday August 30th, 2022, as we are still packaging these appropriately.

If you have any questions, instructions, or requests - don't hesitate to reach out to me directly.

Thank you very much.

Kind Regards,

Tyler Abadie, P.E.
